Ace Mica has set a quality benchmark in the interior designing industry. It offers some excellent grade compact and durable laminates in India. Laminates are resilient and flexible products with unlimited potential in interior designing.

We work towards reinventing the way laminates are looked at. Using vibrant colours and finishes, we try to give laminates a complete make over like never before. We conceive laminates not just as an economical counter top, but also a unique design element that can add character to any space.

Our textured feature-rich luxuriously designed laminates can enhance the visual appeal of your space. They are not just products, but application-based collections which meet varying needs of architects, interior designers as well as consumers.
