“THE MAGIC OF WOOD COMBINED
WITH THE MAJESTY OF NATURE”

Nature defined surfaces with ease of matrices design
gives an empathize touch to your furnishings

Indian Green Building
Council Membership

The Indian Green Building Council (IGBC), part of the Confederation of Indian Industry (CII) was formed in the year 2001. The vision of the council is, "To enable a sustainable built environment for all and facilitate India to be one of the global leaders in the sustainable built environment by 2025"

ISO 9001:2015 is an international standard related to quality management system, applicable to any organization from all types of business sectors and activities. ISO 9001:2015 is based on eight management principles (all fundamental to good business practice). When fully adopted, these principles can help improve your organizational performance.

CM/L 7200087112

BIS is the National Standard Body of India established under the BIS Act 1986 for the harmonious development of the activities of standardization, marking and quality certification of goods and for matters connected there with or incidental thereto. BIS has been providing traceability and tangibility benefits to the national economy in a number of ways - providing safe reliable quality goods; minimizing health hazards to consumers; promoting exports and imports substitute; control over proliferation of varieties etc. through standardization, certification and testing.

The Singapore Green Label is a seal of endorsement on its environmentally-friendly claims to prevent the abuse of green-washing. This has proved to be advantageous for Green Label certified products that have become more marketable and readily accepted by consumers or businesses when making a purchase.

Safe and Healthy Living alongside Elegance+ Products
The entire range incorporates safeguard plus, a revolutionary development that retards the growth of the vast majority of common bacteria. This means our products are ideal for laboratories and kindergartens, to offices and domestic environments.

The FSC certification is considered the "gold standard" designation for wood harvested from forests that are responsibly managed, socially beneficial, environmentally conscious and economically viable. If a product, like a piece of tropical hardwood furniture, is labeled as "FSC Certified", it means that the wood used in the piece and manufacturer that made it met the requirements of the forest stewardship council.
