Let's Understand how to Install Sheets Seamlessly

Our seamless laminate collection is designed with precision cutting marks placed on all four sides of the sheet. Simply follow the cross marks while cutting and align the laminates accordingly during installation. This ensures perfect pattern continuation from one sheet to another, creating a smooth, invisible joint. The result is a boundless, uninterrupted finish for walls and furniture where multiple laminates appear as one continuous surface.

SIZE : 1220 mm x 2440 mm [4' X 8']
 GRADES & THICKNESS : 1.0mm.
 SURFACE RESISTANCE TO : Artificial Perspiration, Citric Acid Solution, Coffee, Cooking Fat, Gasoline, ink, Rectified Spirit, Kerosene, Milk, Sodium Hydroxide Solution, Tea, Wax Crayon
 WARRANTY : Brown Paper warrants that its products are free from manufacturing defects and they are fit and suitable for usual purpose. The product must be inspected prior to installation and our liability will be limited to the cost of product only.

The Indian Green Building Council (IGBC), part of the Confederation of Indian Industry (CII) was formed in the year 2001. The vision of the council is, "To enable a sustainably built environment for all and facilitate India to be one of the global leaders in the sustainably built environment by 2025"

ISO 9001:2015 is an international standard related to quality management system, applicable to any organization from all types of business sectors and activities. ISO 9001:2015 is based on eight management principles (all fundamental to good business practice). When fully adopted, these principles can help improve your organizational performance.

BIS is the National Standard Body of India established under the BIS Act 1986 for the harmonious development of the activities of standardization, marking and quality certification of goods and for matters connected therewith or incidental thereto. BIS has been providing traceability and tangibility benefits to the national economy in a number of ways - providing safe reliable quality goods; minimizing health hazards to consumers; promoting exports and imports substitute; control over proliferation of varieties etc. through standardization, certification and testing.

The UL GREENGUARD Certification Program requires that products undergo independent, scientific testing and ongoing monitoring of their chemical emissions.[1] Only products that meet UL Environment's stringent emissions standards qualify for certification. These standards are based on established criteria from key public health agencies.
