 **ACE MICA** PVT. LTD.  
Decorative Laminates

[www.acemica.com](http://www.acemica.com)

Ace Mica is one of the leading manufacturers of high pressure laminates in india, we have been successfully catering to the specific requirements of our clients with Gloss, Matt, Suede & Texture in our range of extraordinary laminates. We have a team of dedicates and qualified professionals who ensure the best of the quality and also are responsible for developing the new range of products that keep us ahead in the market. Being a trendsetter in the laminate industry, we now introduce a new and exclusive collection of wooden finishes and abstract designs. Marquise collection is bound to create an impression and strive a perfect cord for your interiors.

A close-up photograph of a hand shaping a piece of white clay on a pottery wheel. The wheel is mounted on a wooden base. The background is a blurred patterned fabric.

The Indian Green Building Council (IGBC), part of the Confederation of Indian Industry (CII) was formed in the year 2001. The vision of the council is, "To enable a sustainably built environment for all and facilitate India to be one of the global leaders in the sustainably built environment by 2025"

ISO 9001:2015 is an international standard related to quality management system, applicable to any organization from all types of business sectors and activities. ISO 9001:2015 is based on eight management principles (all fundamental to good business practice). When fully adopted, these principles can help improve your organizational performance.

BIS is the National Standard Body of India established under the BIS Act 1986 for the harmonious development of the activities of standardization, marking and quality certification of goods and for matters connected therewith or incidental thereto. BIS has been providing traceability and tangibility benefits to the national economy in a number of ways - providing safe reliable quality goods; minimizing health hazards to consumers; promoting exports and imports substitute; control over proliferation of varieties etc. through standardization, certification and testing.

The Singapore Green Label is a seal of endorsement on its environmentally-friendly claims to prevent the abuse of green-washing. This has proved to be advantageous for Green Label certified products that have become more marketable and readily accepted by consumers or businesses when making a purchase.
