ABOUT US

At Brown Paper Decorative Laminates, we believe in redefining interior aesthetics with innovative surfaces that blend style and functionality. Our journey has always been about crafting solutions that elevate spaces, making them timeless and inspiring.

As we introduce our Textile Collection, we bring the delicate artistry of fabric into the realm of modern interiors. This exclusive range celebrates the intricate beauty of textile-inspired textures, combining them with contemporary design trends to create a perfect harmony of softness and sophistication.

Crafted with precision and infused with elegance, the Textile Collection is designed for those who seek authenticity and refinement in their interiors. Whether it's a cozy home or a vibrant workspace, our laminates add a unique charm, making every space a reflection of your personality.

Discover the perfect fusion of fabric-inspired tradition and modernity with Brown Paper Decorative Laminates' Textile Collection – where design meets craftsmanship.

SIZE : 1220 mm x 2440 mm [4' X 8'], 1220 mm x 3050 mm [4' x 10'] in selected texture. GRADES & THICKNESS : 1.00mm. SURFACE RESISTANCE TO : Artificial Perspiration, Citric Acid Solution, Coffee, Cooking Fat, Gasoline, ink, Rectified Spirit, Kerosene, Milk, Sodium Hydroxide Solution, Tea, Wax Crayon WARRANTY : Brown Paper warrants that its products are free from manufacturing defects and they are fit and suitable for usual purpose. The product must be inspected prior to installation and our liability will be limited to the cost of product only.			
 The Indian Green Building Council (IGBC), part of the Confederation of Indian Industry (CII) was formed in the year 2001. The vision of the council is, "To enable a sustainably built environment for all and facilitate India to be one of the global leaders in the sustainably built environment by 2025"			
 ISO 9001:2015 is an international standard related to quality management system, applicable to any organization from all types of business sectors and activities. ISO 9001:2015 is based on eight management principles [all fundamental to good business practice]. When fully adopted, these principles can help improve your organizational performance.			
 BIS is the National Standard Body of India established under the BIS Act 1986 for the harmonious development of the activities of standardization, marking and quality certification of goods and for matters connected therewith or incidental thereto. BIS has been providing traceability and tangibility benefits to the national economy in a number of ways - providing safe reliable quality goods; minimizing health hazards to consumers; promoting exports and imports substitute; control over proliferation of varieties etc. through standardization, certification and testing.			
  The UL GREENGUARD Certification Program requires that products undergo independent, scientific testing and ongoing monitoring of their chemical emissions.[1] Only products that meet UL Environment's stringent emissions standards qualify for certification. These standards are based on established criteria from key public health agencies.
