@ Our Story

Our story at Acemica began with a passion for timeless elegance and sustainable design. With the Evergreen Collection, we aimed to encapsulate the essence of enduring beauty in every piece.

Inspired by the lush tranquility of evergreen forests, our collection embodies the everlasting allure of nature. Each design reflects our commitment to preserving the environment while delivering exceptional quality and style.

From the rich textures to the vibrant hues, every element of the Evergreen Collection is meticulously crafted to evoke a sense of harmony and serenity in any space. Our dedication to sustainability drives us to use responsibly sourced materials.

With the Evergreen Collection, we invite you to bring the beauty of nature into your home, creating spaces that not only inspire but also endure for generations to come. Join us in our journey towards a greener, more beautiful world with Acemica's Evergreen Collection.

INDEX

The Indian Green Building Council (IGBC), part of the Confederation of Indian Industry (CII) was formed in the year 2001. The vision of the council is, "To enable a sustainable built environment for all and facilitate India to be one of the global leaders in the sustainable built environment by 2025"

ISO 9001:2015 is an international standard related to quality management system, applicable to any organization from all types of business sectors and activities. ISO 9001:2015 is based on eight management principles (all fundamental to good business practice). When fully adopted, these principles.

BIS is the National Standard Body of India established under the BIS Act 1986 for the harmonious development of the activities of standardization, marking and quality certification of goods and for matters connected there with or incidental thereto. BIS has been providing traceability and tangibility benefits to the national economy in a number of ways - providing safe reliable quality goods; minimizing health hazards to consumers; promoting exports and imports substitute; control over proliferation of varieties etc. through standardization, certification and testing.

The Singapore Green Label is a seal of endorsement on its environmentally-friendly claims to prevent the abuse of green-washing. This has proved to be advantageous for Green Label certified products that have become more marketable and readily accepted by consumers or businesses when making a purchase.

Safe and Healthy Living alongside Elegance+ Products The entire range incorporates safeguard plus, a revolutionary development that retards the growth of the vast majority of common bacteria. This means our products are ideal for laboratories and kindergartens, to offices and domestic environments
