

## CERTIFICATIONS

As a global safety science leader, UL Solutions applies our recognized expertise in IAQ by empowering retailers and product manufacturers to demonstrate that their products have low chemical emissions. Greenguard helps demonstrate compliance with chemical emission standards and your commitment to healthier indoor

BIS is the national Standard Body of India established under the BIS Act 1986 for the harmonious development of the activities of standardization, marking, and quality certification of goods and for matters connected therewith or incidental thereto. BIS has been providing traceability and tangibility benefits to the national economy in a number of ways - providing safe reliable quality goods; minimizing health hazards to consumers; promoting exports and imports substitute; control over proliferation of varieties etc. through standardization, certification and testing.

The Indian Building Council (IGBC), part of the Confederation of Indian Industry (CII) was formed in the year 2001. The vision of the council is, "To enable a sustainable built environment for all and facilitate India to be one of the global leaders in the sustainable built environment by 2025"

Safe and Healthy Living alongside Elegance+ Products The entire range incorporates safeguard plus, a revolutionary development that retards the growth of the vast majority of common bacteria. This means our products are ideal for laboratories and kind-ergartens, to offices and domestic environments.

ISO 9001:2015 is an international standard related to quality management system, applicable to any organization from all types of business sectors and activities. ISO 9001:2015 is based on eight management principles (all fundamental to good business practice). When fully adopted, these principles can help improve your organizational performance.
